MEMORANDUM FOR Redeploying Personnel

SUBJECT: Post-deployment Malaria Terminal Prophylaxis

1. This memorandum serves to remind you to take the Malaria Terminal Prophylaxis (Mefloquine/Doxycycline/other) for four weeks after leaving CENTCOM Area of Operations. Also, if you were given Primaquine tablets, be sure to take all 14 tablets, one each day.

2. We also recommend that you inform your health care provider of these medications and that you have traveled to the CENTCOM Area of Operations whenever you are evaluated for any illness during the next year.
