11. ARMY-WIDE RECORDS FREEZE-DO NOT DESTROY ANY ARMY RECORDS: There are currently 10 records moratoriums (record freezes) that have frozen the destruction of all Army records. The litigators involved in one of the record freezes are not able to narrow their scope to what records should be retained, so the solution is that ALL Army records are affected. Therefore, until further notice, no Army records are to be destroyed, regardless of the disposition instructions. Just to clarify, these freezes involve all administrative (housekeeping) and mission related records. Activities are reminded, that the AMEDDC&S & FSH does have a Records Holding Area (RHA) to store all records. Activities were always required to transfer records IAW regulatory requirements prior to these freezes (files to be retained more than three years). For an example, the Office of Civilian Personal Time and Attendance Files, which are to be retained for 6 years, 3 months. If any activity does not have the space to maintain their records, they are encouraged to transfer the records to the RHA. The POC for this action is AMEDDC&S & FSH Records Management Officer, Ms. Sharon Shull, 221-9986.
